Programming Update - Monday, March 16th

Beginning this morning, Monday, March 16th, all Town of Walworth Parks and Recreation Programs are indefinitely suspended. Current program sessions have ceased immediately. Future sessions remain on hold until further notice.

All facility rentals through Sunday, April 12th have been suspended. At this point April 12th is a fluid date that follows local county school closings. Should future local and state mandates change in the coming weeks this date will correspond accordingly. We empathize with the disruption cancellations cause. Our foremost concern is for the safety of the community and all those involved with our many programs and facilities.

We are diligently going through our Spring programming step by step to determine which programs allow for resumption versus those that cannot due to Summer program timelines. The department will reach out to each program's registration pool with procedures and parameters for program timelines, refunds, and credits. We appreciate everyone's patience as we complete this process.

For many of us in times of uncertainty and unrest we look towards sports, leisure, and community to bring normalcy. We now find ourselves in a most difficult position where those very things that comfort us similarly undercut efforts towards the mitigation of disease transmission. The department is already in the process of identifying potential opportunities for "live stream" classes and other learning opportunities in the coming weeks to provide a sliver of that normalcy we'll all be looking for.

As always, please contact us with any questions or concerns (or if you just need a friendly conversation for a couple minutes!). We're always here for you!
